

After three months and a half since [Noise](#) release, it's time for [Aura](#) to collect the fruit of their work. The official videoclip, [Behind My Eyes](#), has reached 6000 views, and exciting reviews have been published worldwide:

*My hope is that more people check out these guys because they are talented and "Noise" is a great album all the way through.*

Rob Pociluk, PowerOfMetal.dk

*Fantastic work. Very original music, great mix.*

*Noise is highly recommended, indispensable for any fine metal music collector.*

Jesus Monjaras, PerfectProg.com

*The result is an album that is not only about great performances, but first and foremost, about great songs to remember.*

Jeff Stevens, PROGMETALZONE.com

*Album of absolute value, the best in their career, it could consecrate them among the leading Italian Prog acts.*

Paolo Ponente, MetallolItaliano.it

*Sometimes change is good ... this "Noise" is a clear example! Let's go on so that!*

Dario "CryingGuitar" Cattaneo, Metalitalia.com

*Simply they have released a fantastic album. These guys can create music of highest class and without compromises, they are a highlight of the Italian progressive metal scene and this album is to buy and listen to. Recommended to all, being progster or not.*

Pier Paolo Lunesu, ITALIADIMETALLO.it

*Crystalline class in this "Noise", dedicated to the most demanding ears.*

René Urkus, METALHEAD.it

*"Noise" places as a milestone in their career, as well as a tenacious competitor in Italian scene, full of great technical and artistic gifted bands.*

Nicola Furlan, TRUEMETAL.it
