

Spider Rock Promotion is proud to announce the release of the debut album by [Blind Horizon](#) ! After the warm welcome received from the demo "*The Shadowman*", published in 2006, the first full length of the prog / death metal band from Rome officially released **September 4, 2010** and will be a production license plate Spider Rock Promotion!

"**The Parallax Theory**" will contain 8 tracks clearly of prog death, which alternanno heavy moments to share more atmospheric, mixing melodies accattivanti impact and the complexity of the songwriting.

Recording, and powerful, crystalline all'HobreLobo study was carried out by V-Fisik (mastermind of Hell), and enhances the technical capabilities of the group and the attitude "in your face" of the pieces.

Blind Horizon promote the disc with dates throughout Italy, including:

September 4, 2010 - Pavia - Nihil Fest (with Belphegor)

September 11, 2010 - Rome - Spider Rock Festival (release party)

December 4, 2010 - Parma - supporting Impaled Nazarene

December 5, 2010 - Rome - supporting Impaled Nazarene
