

A post from the band:

"Ready to Rock!

New Album, is ready!

Mixed and mastered at **Temple Of Noise Studio**, 10 songs of pure metal with symphonic, prog and hard rock influences, in the classic style of [Ivory Moon](#).

After [On The Edge of Time](#), [Human Nature](#) and [Dark Time](#), the new album is the result of the influences of the new line-up. Keeping the sound elements of the previous works, **Ivory Moon** developed more modern and impactful songs.

At the rhythm session **Emiliano Cantiano** on drums and **Fabrizio Sclano** on bass, **Fabio Bonuglia** on keyboards, **Andrea Campisano** and **Fabrizio Zucchini** on guitars, **Loretta Venditti** and **Patrizio Izzo** on vocals.

We will let you know the release date and other details in the coming weeks.

Stay Metal!"
