Yes, our roster is grewing up.

We have signed [NASTY TENDENCY](#), one of the best Italian '80 **Hard Rock / Heavy Metal**, whose main influences are *Accept*, *Twisted Sister*, *Lizzy Borden* and *Mötley Crüe* (speak of "Shout At The Devil" and "Theatre Of Pain").

The band, **Johnny Curly** (guitars), **Luke Tampa** (guitars), **Mise** (drums), **Mark Bonavita** (vocals) and **Lehmann** (bass, with our [Neurasthenia](#)), can claim also an enviable live résumé, having supported for a **30 dates European tour with American legends L.A. GUNS** in september 2009, and ex Iron Maiden singer **Blaze Bailey** in Italian and Spanish 2010 tour dates.

With the occasion, we announce their second album, "[Hello Suckers](#)", will be released on **10 february 2011**, thanks to a force union by the band, [MyGraveyard Productions](#), who will be taking care of physical distribution, and *Spider Rock Promotion*, who will be dealing with digital distribution and promotion worldwide.

The album follows the 2009 debut, "[Wild And Nasty](#)", and has been recorded at Convolution Studios at Bagnacavallo (Ravenna), mixed and mastered by Mr.Pape in Rome. Here are the cover artwork and the final tracklist.
