After the previous chapters [Tribute Bands](#) and [Talent Show](#), it's time to talk about the discographic market crisis, the internet revolution and the changes brought to discographic productions compared to the last decades. Once again many metal figures have taken part in the documentary: **Roberto Tiranti** ([Vanexa](#) - Labyrinth) now being involved in an Italian tour with Steve Burns (guitarist for Alice Cooper, Y&T, Vasco Rossi), **Sergio Pagnacco** ([Vanexa](#) - Labyrinth) as sharp as an axe, Extrema with GL and Tommy Massara, Pino Scotto, Cristina Scabbia of Lacuna Coil, plus some international figures such as ex-Iron Maiden Paul Di'Anno, Blaze Bayley and Dennis Stratton, Stratovarius, Blackie Lawless (W.A.S.P.) and Neal Schon (Journey).
