

Spider Rock Promotion is proud to present the re-master of "**By The Seed of the Same God**", legendary EP by **Windseeker**.

Windseeker was a huge hit between 1998 and 2003 in the Italian underground scene and over (the first edition of this EP was awarded by a well-known American webzine as demo of the year).

Windseeker's style is the right combination of powerful American heavy metal, techno-thrash Nevermore style and classic heavy Anglo-Saxon school.

Since the CD is today lost, the band decided to republish these four songs, ceding copyrights to **Spider Rock**. The label improved the mastering at the *Rotten Tubes Studio*, following the pressing demands of numerous fans.

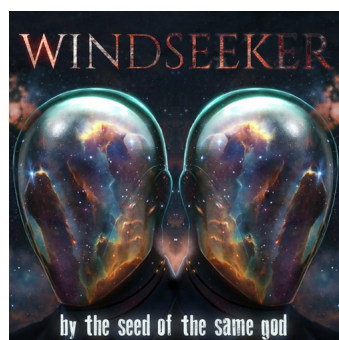

The record was recorded in 2003 by *Stefano Morabito* at his *16th Cellar Studio* and at that time the band was composed of:

Mauro Gelsomini (voice), *Alessandro Di Clemente* aka *Alex Rotten* (guitar and vocals), *Simone Lanna* (solo guitar), *Alessandro Angelo* (bass), *Claudio Testini* (drums).

On the occasion of the 20 years since the foundation of the band and 15 years since the release of the original EP, with a new production, a new logo and a new look, **Spider Rock** is pleased to announce "By The Seed of the Same God" will be available in the next few days on the digital market.

The founding members of the **Windseeker** (Mauro and Alex) have also announced that in case of positive feedback the band could be interested in a reunion.
